

>> SO, YOU MAY BE ASKING,

"WHAT'S A NEXTGEN HOUSE?"

WELL, JUST OUTSIDE OF THE
CONVENTION CENTER, THEY BUILT
THIS HOUSE AND FILLED IT WITH
ALL THE LATEST AND GREATEST
PRODUCTS AND TECHNOLOGIES FOR
YOUR HOUSE AND HOME, INCLUDING
SOME AMAZING NEW APPLIANCES FOR
YOUR KITCHEN.

WE'RE BACK, AND I'M JUST PULLING
UP TO THE NEXTGEN HOUSE.

AND I'VE GOT MY CELLPHONE HERE.

AND BELIEVE IT OR NOT, I'M
STARTING DINNER WITH MY
CELLPHONE.

HOW IS THAT POSSIBLE?

LET'S GO INSIDE AND CHECK IT
OUT.

THIS IS THE TMIO INTELLIGENT
OVEN.

THIS OVEN NOT ONLY CAN COOK
FOOD BUT ALSO KEEP FOOD COLD
DURING THE DAY, AND YOU CAN
CONTROL IT FROM ANYWHERE.

TO HELP EXPLAIN HOW THIS WORKS

IS DAVID MANSBERY WITH TMIO.

DAVID, TELL ME ABOUT THIS OVEN.

>> WELL, IT'S AN INTELLIGENT
OVEN.

IT'S THE WORLD'S FIRST NEW
APPLIANCE THAT ALLOWS YOU TO

COOL, CONNECT, COOK.

AND THE REFRIGERATION CAN BE
USED TO STORE FOODS DURING THE
HOLIDAYS OR AT PARTY TIMES.

OR YOU CAN PUT YOUR FOOD IN THE
MORNING, HIT "REFRIGERATE," AND
THEN START IT LATER WHILE YOU'RE
OUTSIDE THE HOME.

>> AMAZING. SO IT'S ACTUALLY A
REFRIGERATOR AS WELL AS AN OVEN.

>> THAT'S CORRECT.

REFRIGERATES ON DEMAND.

>> TALK TO ME ABOUT THIS WHOLE
THINGS WORKS UP HERE.

>> WELL, WE HAVE A REFRIGERATION
FEATURE HERE.

AND THE REFRIGERATION CAN BE
USED TO STORE FOODS DURING THE
HOLIDAYS OR AT PARTY TIMES.

OR YOU CAN PUT YOUR FOOD IN THE
MORNING, HIT "REFRIGERATE," AND
THEN START IT LATER WHILE YOU'RE
OUTSIDE THE HOME.

JUST PUSH "REFRIGERATE."

IT WILL COOL DOWN TO 36 TO
38 DEGREES.

THE "COOK NOW" FEATURE IS WHEN
YOU'RE AT HOME.

IT'S A REGULAR OVEN, AND IT
COOKS VERY WELL.

THE NEXT FEATURE WE HAVE IS OUR

YHH 114 CC-2 International Builder's Show - NextGen Products.txt
"COOK LATER."

AND "COOK LATER" IS WHEN WE'RE
GOING OUT FOR THE DAY.

WE'LL SELECT OUR -- AGAIN,
SELECT OUR COOKING METHOD.

WE'LL SELECT OUR TEMPERATURE.

WE'LL SELECT OUR COOKING TIME.

WHAT TIME'S DINNER TONIGHT?

6:30? 6:30 IT IS.

GO AHEAD, AND WE'LL CONFIRM.

AFTER COOKING, WE CAN EITHER
TURN THE OVEN OFF...

KEEP IT WARM...

"WARM THEN REFRIGERATE," OR ALL
THE WAY BACK TO "REFRIGERATE."

>> YOU SAID IT'S HOOKED UP TO
THE INTERNET, SO YOU CAN CONTROL
IT FROM ANYWHERE.

SO I CAN LITERALLY BE ON MY
CELLPHONE.

I CAN CALL INTO SOME CENTRAL
BANK AND TURN THE OVEN ON, OFF,
CHANGE IT FROM REFRIGERATION TO
COOKING JUST WITH MY CELLPHONE.

>> YOU CAN CHANGE FROM YOUR
VOICE CONTROL OVER YOUR
CELLPHONE OR FROM YOUR OFFICE AT
WORK USING A STANDARD BROWSER.

>> WE'VE GOT A COMPUTER HERE.
SHOW ME HOW THAT WORKS.

I CAN BE IN MY OFFICE, FOR
EXAMPLE.

IF I WANT TO TURN ON THE OVEN, I
CAN DO IT THAT WAY.

>> YES.

RIGHT NOW, WE HAVE THE OVEN
SETTING UP.

WE CAN GO IN, HIT "ADJUST
SETTINGS," AND WE CAN CHANGE ANY
OF THESE FEATURES.

>> IT ALSO HAS A NOTEPAD
FEATURE?

TELL ME ABOUT THAT.

>> IF YOU'RE GOING TO HAVE --
LET'S SAY YOU WANT TO LEAVE A
MESSAGE FOR YOUR FAMILY
REMOTELY.

>> YOU WOULD TYPE IT IN HERE.
IT APPEARS ON THE OVEN.

>> IT'S A MESSAGE CENTER FOR
YOUR KIDS OR FOR YOUR HUSBAND
AND WIFE.

>> SO NO MORE STICKY NOTES.

>> NONE AT ALL.

>> THAT'S WHAT I CALL A SMART
OVEN.

>> THAT'S AN INTELLIGENT OVEN.

>> ABSOLUTELY. THANKS SO MUCH.

>> THANK YOU.
